

THE GREAT STILL LIFE TREASURE HUNT

The Treasure Hunt

This still life treasure hunt has been designed to help you gather objects together to create an interesting still life arrangement. It is designed to find treasures in your own home.

The treasure hunt can be done on its own or just for fun. It can also be used to create a still life photograph for the Tauranga Art Gallery's *Beyond the Bubble Still Life Project* photography challenge.

See our TAG Facebook page or TAG Instagram account for further details.

Helpful Tip:

Keep your objects small enough to arrange on a table, shelf or along a windowsill. This treasure hunt can be done on your own or with others. You could race the other treasure hunters in your house to see who can gather the most interesting objects the fastest!

Let the treasure hunt begin! Find a favourite object or toy.
